REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Per Rule 134.401(c)(6)(A)(i)(iii), once the bill has reached the minimum stop-loss threshold of \$40K, the entire admission will be paid using the stop-loss reimbursement factor ('SLRF') of 75%...Therefore, reimbursement for the entire admission including charges for items in (c)(4) is calculated by the stop-loss reimbursement factor stated in the ACIHFG, i.e., 75%. Furthermore, separate reimbursement for items listed under Rule 134.401(c)(4) is improper and illegal when the amount of the claim is \$40,000.00 or greater."

Amount in Dispute: \$65,013.81

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary dated May 21, 2007: "Under the Twelve Oak's interpretation hospitals would be required to establish their own reimbursement under the stop-loss exception. A hospital could increase their reimbursement by simply raising its charges, with no meaningful check on this ability through medical dispute resolution. This results in an unlawful delegation of DWC's statutory duties to ensure fair and reasonable reimbursement ...First National believes that it appropriately paid Twelve Oaks for their services at issue in this case. No additional reimbursement is due."

Respondent's Supplemental Position Summary dated June 20, 2007: "First National, through Focus, and Twelve Oaks have entered into a contract that governs the jurisdiction and reimbursement of the issued in dispute in this case. Safeco has attempted to obtain a copy of the contract from Focus. However, due to confidentiality concerns and provisions, Focus is unwilling to tender the contract without a subpoena. Accordingly, we would request that pursuant to Texas Labor Code Section 402.00128(b)(3), you issue a subpoena requiring Focus Health Care Management to produce the contract governing the above-referenced medical dispute."

Responses submitted by: Burns Anderson Jury & Brenner, L.L.P.

Respondent's Supplemental Position Summary dated February 11, 2013: "Because Requestor has not met its burden of demonstrating unusually extensive services, and the documentation adduced thus far fails to provide any rationale for the Requestor's qualification for payment under the Stop-Loss Exception, Respondent

appropriately issued payment under the Texas surgical *per diem* methodology. No additional monies are due to the Requestor.”

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers’ Compensation.

Background

1. 28 Texas Administrative Code §133.305 and §133.307, sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.1, 31 *Texas Register* 3561, effective May 2, 2006, sets out the guidelines for a fair and reasonable amount of reimbursement in the absence of a contract or an applicable division fee guideline.
3. 28 Texas Administrative Code §134.401, 22 *Texas Register* 6264, effective August 1, 1997, sets out the fee guidelines for inpatient services rendered in an acute care hospital for the date of admission in dispute.
 - Effective July 13, 2008, the Division’s rule at former 28 Tex. Admin. Code § 134.401 was repealed. The repeal adoption preamble specified, in pertinent part: “Section 134.401 will continue to apply to reimbursements related to admissions prior to March 1, 2008.” 33 *TexReg* 5319, 5220 (July 4, 2008). Former 28 Tex. Admin. Code § 134.401(a) (1) specified, in pertinent part: “This guideline shall become effective August 1, 1997. The Acute Care Inpatient Hospital Fee Guideline (ACIHFG) is applicable for all reasonable and medically necessary medical and/or surgical inpatient services rendered after the Effective Date of this rule in an acute care hospital to injured workers under the Texas Workers’ Compensation Act.” 22 *TexReg* 6264, 6306 (July 4, 1997).

The services in dispute were reduced/denied by the respondent with the following reason codes:

Explanation of Benefits

- 45-Charges exceed your contracted/legislated fee arrangement.
- 851-064-Implant reimbursement has been recommended at fair and reasonable rate.
- 855-002-Recommended allowance is in accordance with workers compensation medical fee schedule guidelines.
- 900-021-Any network reduction is in accordance with the network referenced above.
- W10-No maximum allowable defined by fee guideline. Reimbursement made based on insurance carrier fair and reasonable reimbursement methodology.
- W1-Workers compensation state fee schedule adjustment.

Issues

1. Did the audited charges exceed \$40,000.00?
2. Did the admission in dispute involve unusually extensive services?
3. Did the admission in dispute involve unusually costly services?
4. Is the requestor entitled to additional reimbursement?

Findings

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of Division rule at 28 Texas Administrative Code §134.401, titled *Acute Care Inpatient Hospital Fee*

Guideline, effective August 1, 1997, 22 Texas Register 6264. The Third Court of Appeals' November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 South Western Reporter Third 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 Texas Administrative Code §134.401. The Court concluded that “to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services.” Both the requestor and respondent in this case were notified via form letter that the mandate for the decision cited above was issued on January 19, 2011. Each was given the opportunity to supplement their original medical dispute resolution (MDR) submission, position or response as applicable. The documentation filed by the requestor and respondent to date will be considered in determining whether the admission in dispute is eligible for reimbursement under the stop-loss method of payment. Consistent with the Third Court of Appeals' November 13, 2008 opinion, the division will address whether the total audited charges **in this case** exceed \$40,000; whether the admission and disputed services **in this case** are unusually extensive; and whether the admission and disputed services **in this case** are unusually costly. 28 Texas Administrative Code §134.401(c)(2)(C) states, in pertinent part, that “Independent reimbursement is allowed on a case-by-case basis if the particular case exceeds the stop-loss threshold as described in paragraph (6) of this subsection...” 28 Texas Administrative Code §134.401(c)(6) puts forth the requirements to meet the three factors that will be discussed.

1. 28 Texas Administrative Code §134.401(c)(6)(A)(i) states “to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold.” Furthermore, (A)(v) of that same section states “Audited charges are those charges which remain after a bill review by the insurance carrier has been performed.” Review of the explanation of benefits issued by the carrier finds that the carrier did not deduct any charges in accordance with §134.401(c)(6)(A)(v); therefore the audited charges equal \$171,157.30. The division concludes that the total audited charges exceed \$40,000.
2. The requestor in its position statement presumes that it is entitled to the stop loss method of payment because the audited charges exceed \$40,000. As noted above, the Third Court of Appeals in its November 13, 2008 opinion rendered judgment to the contrary. The Court concluded that “to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved...unusually extensive services.” The requestor failed to demonstrate that the particulars of the admission in dispute constitute unusually extensive services; therefore, the division finds that the requestor did not meet 28 Texas Administrative Code §134.401(c)(6).
3. In regards to whether the services were unusually costly, the requestor presumes that because the bill exceeds \$40,000, the stop loss method of payment should apply. The Third Court of Appeals' November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must **demonstrate** that an admission involved unusually costly services thereby affirming 28 Texas Administrative Code §134.401(c)(6) which states that “Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker.” The requestor failed to demonstrate that the particulars of the admission in dispute constitutes unusually costly services; therefore, the division finds that the requestor failed to meet 28 Texas Administrative Code §134.401(c)(6).
4. 28 Texas Administrative Code §134.401(b)(2)(A) titled General Information states, in pertinent part, that “The basic reimbursement for acute care hospital inpatient services rendered shall be the lesser of:
 - (i) a rate for workers' compensation cases pre-negotiated between the carrier and the hospital;
 - (ii) the hospital's usual and customary charges; and
 - (iii) reimbursement as set out in section (c) of this section for that admission

In regards to a pre-negotiated rate, the services in dispute were reduced in part with the explanation “Charges exceed your contracted/legislated fee arrangement.” No documentation was provided to support that a reimbursement rate was negotiated between the workers' compensation insurance carrier First National Insurance Co. of America and Twelve Oaks Medical Center prior to the services being rendered; therefore 28 Texas Administrative Code §134.401(b)(2)(A)(i) does not apply.

In regards to the hospital's usual and customary charges in this case, review of the medical bill finds that the health care provider's usual and customary charges equal \$171,157.30.

In regards to reimbursement set out in (c), the division determined that the requestor failed to support that the services in dispute are eligible for the stop-loss method of reimbursement; therefore 28 Texas Administrative Code §134.401(c)(1), titled Standard Per Diem Amount, and §134.401(c)(4), titled Additional Reimbursements, apply. The division notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.

- Review of the submitted documentation finds that the services provided were surgical; therefore the standard per diem amount of \$1,118.00 per day applies. Division rule at 28 Texas Administrative Code §134.401(c)(3)(ii) states, in pertinent part, that “The applicable Workers’ Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission.” The length of stay was six days. The surgical per diem rate of \$1,118.00 multiplied by the length of stay of six days results in an allowable amount of \$6,708.00.
- 28 Texas Administrative Code §134.401(c)(4)(A), states “When medically necessary the following services indicated by revenue codes shall be reimbursed at cost to the hospital plus 10%: (i) Implantables (revenue codes 275, 276, and 278), and (ii) Orthotics and prosthetics (revenue code 274).” Review of the requestor’s medical bill finds that the following items were billed under revenue code 278 and are therefore eligible for separate payment under §134.401(c)(4)(A):

Code	Itemized Statement Description	UNITS	Cost Per Unit	Cost + 10%
0278	Cross Connector	1	\$1,044.00	\$1,148.40
0278	5.5mm Rod	2	\$212.40	\$467.28
0278	6.75mm X 40 scr	3	\$900.00	\$2,970.00
0278	7.75 Scr	3	\$900.00	\$2,970.00
0278	Locking Cap	6	\$212.40	\$1,401.84
0278	Bn Grft BMP Lg	2	\$4,990.00	\$10,978.00
0278	Spacer	2	\$4,050.00	\$8,910.00
TOTAL ALLOWABLE			\$28,845.52	

- 28 Texas Administrative Code 28 Texas Administrative Code §134.401(c) (4) (B) allows that “When medically necessary the following services indicated by revenue codes shall be reimbursed at a fair and reasonable rate: (iv) Blood (revenue codes 380-399).” A review of the submitted hospital bill finds that the requestor billed \$1,152.00 for revenue code 382-Blood and \$288.00 for revenue code 390-Blood Processing. 28 Texas Administrative Code §133.307(g)(3)(D), requires the requestor to provide “documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement.” Review of the submitted documentation finds that the requestor does not demonstrate or justify that the amount sought for revenue codes 382 and 390 would be a fair and reasonable rate of reimbursement. Additional payment cannot be recommended.
- 28 Texas Administrative Code §134.401(c) (4) (C) states “Pharmaceuticals administered during the admission and greater than \$250 charged per dose shall be reimbursed at cost to the hospital plus 10%. Dose is the amount of a drug or other substance to be administered at one time.” A review of the submitted itemized statement finds that the requestor billed \$329.00/unit for Vancomycin 1gm. The requestor did not submit documentation to support what the cost to the hospital was for this items billed under Revenue Code 250. For that reason, reimbursement for this item cannot be recommended.

The total reimbursement set out in the applicable portions of (c) results in \$6,708.00 + \$28,845.52, for a total of \$35,553.52.

Reimbursement for the services in dispute is therefore determined by the lesser of:

§134.401(b)(2)(A)	Finding
(i)	Not Applicable
(ii)	\$171,157.30
(iii)	\$35,553.52

The division concludes that application of the standard per diem amount and the additional reimbursements under §134.401(c)(4) represents the lesser of the three considerations. The respondent issued payment in the amount of \$63,354.16. Based upon the documentation submitted, no additional reimbursement can be recommended.

Conclusion

For the reasons stated above, the division concludes that the services in dispute are not eligible for the stop-loss method of reimbursement, that a pre-negotiated rate does not apply, and that application of 28 Texas Administrative Code §134.401(c)(1), titled *Standard Per Diem Amount*, and §134.401(c)(4), titled *Additional Reimbursements*, results in the total allowable reimbursement. Based upon the documentation submitted, the requestor is not due additional reimbursement.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
